

Storm Stock Toll Stands At 200,000

Estimate Made By Veterinary Group

CHICAGO (AP)—The livestock toll in the recent blizzards which hit the nation's northwest quarter was estimated today at 200,000 by the American Veterinary Medical association.

However, the death figures for cattle, sheep and other animals killed by freezing and starvation were only part of the picture, the association said. Such after-effects as disease, crippling, breeding failures and losses of unborn young will be reflected in livestock production for many months to come.

"Veterinarians in the disaster area reported many cases of frozen vital organs in bulls and frozen udders in cows and heifers, rendering these animals worthless for breeding purposes," the AMVA said.

Other Losses. "General loss of condition due to hunger and exposure may have delayed effects on breeding ability and resistance to disease."

Extensive losses in unborn calf and lamb crops in view of hardships suffered by pregnant animals is also a possibility, the association said.

Bloating, caused by ravenous eating after many days without feed produced some fatalities in cattle and sheep and there were some fatalities caused by trampling and crippling.

A packing plant veterinarian reported a heavy meat-trimming loss due to frost bite in one large shipment of corn-belt hogs which had been marooned some time in a storm.

Pastors' Trial Opens

(Continued from Page One)

They had previously been convicted of a crime.

In turn, each of the 15 announced his name, stated that he was a Bulgarian citizen and a Protestant minister and never had been convicted of a crime.

The accused men then filed from the room.

Naumov Begins Testimony.

Dressed in his black clerical suit, Naumov returned and began his testimony.

He said he had worked for American espionage agents and had delivered military and other information to Cyril Black, then secretary of the U. S. political mission.

He said Black was "the center of American espionage activities in Bulgaria after 1944."

(Black is a professor at Princeton university. He previously has declared the charges were "fantastic.")

Before he took the stand, Presiding Judge Undjiev told the defendant he was accused of the most serious crimes in the history of the country and that he was convinced the defendant would tell the truth.

One U. S. Observer.

The judge said if the court "is impressed by your sincerity, this will be taken into consideration in the passing of sentence."

One American and two British official observers were in court along with 25 newspaper reporters. The American observer was Mrs. Mary Johnston, press and cultural attaché.

Naumov said he began collecting information for the western powers in 1938 at the time of the visit of a man named Siebrant from Vienna, then in charge of inspection of religious functions.

He said Siebrant entrusted him with the task of collecting military, economic and political information, including the movements of troops, boundary fortifications and movements of military trains.

He said in 1944 he visited Yanko Ivanov, a Methodist defendant, and they arranged to report to Black.

He said Black was interested in the Russian reaction to communism, to the Russians and to peace treaty provisions. At one point, he asserted, "I am sorry for my acts. I confess sincerely to the Bulgarian people and I repent my activities."

It appeared the trial, from its pace today, would continue for at least a week.

Police Seek To Smash Petty Crime Wave

Four new break-ins reported Friday caused law enforcement officials to intensify their efforts in smashing a petty crime wave in the city involving gas stations and stores.

Hardest hit by burglars last night was Harvey's Service Station, Forty-eighth and Cornhusker highway. Station operator Henry Zohourek, listed his loss at \$73.57. Zohourek said that about \$19.24 in change was taken from the cash register, two tires valued at \$30.38 and a \$23.95 battery.

A second city burglary Thursday night netted the intruders nothing. Police said the Consumers Coal company, 2001 O, was entered after a front door was forced open. Investigation revealed no loss although several desks had been ransacked.

Locker Plant Entered.

A break-in and an attempted break-in along Cornhusker highway was reported to the county sheriff's office Friday morning.

Deputy Sheriff Merle Karnopp said burglars broke into the locker plant at Reller's Commercial Center, 3300 North Forty-first, and demolished a cash register. Nothing was reported missing, he said.

Entrance was gained by ripping a screen and breaking a window. Karnopp said R. C. Johnson, manager, reported the incident.

Karnopp also investigated an attempted break-in at the Funk Machine Works, 2727 North Fourteenth. The burglars attempted to get in through a window that had been boarded up both outside and inside, he said, but apparently gave up after breaking through the outside portion. He said the building had several glass windows through which entrance could have been made.

These two incidents mark the twentieth and twenty-first burglaries or attempted burglaries along Cornhusker highway since last October.

Kimball Confirmed

WASHINGTON (AP) — The senate today confirmed the nomination of Dan A. Kimball of Los Angeles as assistant secretary of the navy for air. The action was taken by unanimous voice vote.

WESLEYAN TRUSTEES

(Continued from Page One)

until an infirmary has been constructed. A campaign to secure funds for such a building has now been launched.

The report pointed to a high level of participation in religious and social life. Chancellor Knight cited the record total of \$1,785 contributed to the world student service fund as an indication of student interest and morale.

Dr. Knight said the findings of a faculty-student committee on extra-curricular activities will be presented within a month.

Campus Improvements Report. The chancellor reported that "much has been accomplished during the past year to improve campus equipment and facilities."

He cited the general re-equipment of the biology laboratories, the experimental psychology laboratories, and the art studio.

"If our present program of equipment replacement and addition can be continued for one year," Dr. Knight said, "requirements from that point would be less extensive and reflect a more normal program of depreciation and replacement."

In regard to the physical plant, the report referred to the construction of campus roads, sidewalks and landscaping, stack construction and redecoration of the Rachel Ann Lural library, continuation of interior renovation of the C. C. White building, and beginning of exterior repairs on "Old Main."

Dr. Knight announced plans to complete work on both White and Old Main, to replace blackboards in these two buildings, to construct new tennis courts, and to reconstruct the campus greenhouse during the coming year.

Reasonable Surplus Expected.

A sound financial condition was indicated, Dr. Knight reporting that the operating budget is well within bounds, and that a reasonable surplus for the current fiscal year, "can be expected." At this point he outlined the activities of Rev. George C. Nordturf as field man dealing in finances, recommending that "the university could well afford to have two such men active within the field at all times."

Referring to public relations, Dr. Knight cited the contacts

Court Remands Conviction For Manslaughter

Douglas Trial Court Erred In Instructions

A Douglas county District court conviction of Stephan Knihal on charges of manslaughter in the death of Martin Urm on Jan. 17, 1947, was reversed and remanded by the state Supreme court Friday.

Urm was shot at a tavern operated by Knihal in South Omaha. Knihal was sentenced to three years in prison after the first trial.

According to the high court ruling, the case was remanded on the ground that the trial court erred in giving certain instructions to the jury.

In the opinion, written by Chief Justice Simmons, the court said, "An instruction in a criminal case that 'You have no right to reject the testimony of any of the witnesses without good reason, and should not do so, unless you find it irreconcilable with other testimony which you find to be true,' is held to be erroneous."

The court held that such an instruction put a burden of proof on the defendant and the defendant in a criminal case does not carry that burden.

In *Simon vs. Standard Oil Company*, a case concerning disability benefits under the provisions of the Workmen's Compensation law of Nebraska, the Supreme court reversed the decision of the Douglas county District court in favor of Robert Simon and dismissed the case.

The action was taken on the grounds that the evidence submitted does not establish the defense of willful negligence.

In a dissenting opinion, written by Justice Carter, it was held that the opinion of the majority of the court restricts unduly the purposes of the compensation act, and that the Compensation court and the District court were correct in allowing compensation benefits.

In another case from a Douglas county District court, the Supreme court reversed the trial court judgment and dismissed the case.

In the case, *Beecham vs. Faldstaf Brewing Corporation and Donald P. Miller*, state commissioner of labor, the action was an attempt to recover unemployment benefits under the provisions of the placement and unemployment insurance law of the state.

The claim was first presented to a claims deputy who allowed the benefits, but this judgment was later reversed by an appeal tribunal. The judgment was in turn reversed by the District court on the ground that the work offered the original plaintiff was not suitable considering the age and condition of the health of the plaintiff.

The Supreme court, in turn, reversed the judgment of the District court on the grounds that the work offered the original plaintiff was not unsuitable because it involved risk to his health and physical fitness.

made by Professor L. E. Mattingly and the chancellor throughout the conference, filling speaking and other engagements, as an area which has "done much to continue our strong relationship to the church and to lend support to the total public relations program."

He also cited the fine work done by Paul Scott in the general field of student enlistment and high school contacts.

"Public relations is a broad term," he cautioned the board, "and we must constantly remind ourselves that each member of the board of trustees, faculty member, staff member, alumnus, and student plays a significant role in this area."

Cerebral Palsied Children Need Classroom Environment

... Not New Institutions, U. S. Educator Says

More than half of the nation's cerebral palsy cases can be effectively treated and educated by teamwork between parents, public schools and the medical profession. This was the opinion expressed Friday by Mrs. Romaine Mackie of the U. S. office of education, Washington, D. C., at the Institute on Exceptional Children being held on the University of Nebraska campus.

Teachers Can Aid. "Building big institutions for the care of these youngsters is not the answer," Mrs. Mackie said. "A majority of cerebral palsy victims are treatable and educable in our schools."

Cerebral palsied children need the social environment of the classroom. Teachers can carry out medically prescribed therapy. Accomplishment can be great if these teachers are trained therapists, the classrooms have special equipment, and there is adequate transportation to bring the children to the schools.

Putting these children in institutions deprives them of the group experience so vital to their rehabilitation, she said.

Need Co-operation. "Finally we must have above all the co-operation of parents," Mrs. Mackie said. "These children must do the same thing in their homes as they do in their schools, because cerebral palsy victims desperately need this work to mature them emotionally and mentally."

"This is a big program. Cerebral palsy cases are nearly as numerous as polio victims." Approximately 150 public school administrators and teachers and other interested citizens, from all parts of the state are attending the institute, which ends Saturday. It is sponsored by the University of Nebraska teachers college, and the special education division and Nebraska school-community health program of the state department of public instruction.

charge that we don't know how to build roads or how to use them. "Truckers are practically hauling whatever they want in the way of loads now. It is the ones who are tearing up the roads that are objecting."

After the flurry of debate over the two truck control bills, the legislature settled down to work on general file and advanced eight bills to enrollment and review. They are: LB 290, 241, 349, 350, 351, 352, 338 and 272.

High Water Receding

(Continued from Page One)

cial announced that two more boats soon will be added to the Fremont "fleet."

At Columbus, Platte county Red Cross disaster chairman Emiel Christensen said weather is "still in our favor." A truck pool is being set up at Columbus in charge of auto dealers.

At Alma, ice in the republican river has broken up and moved downstream. Ice, however, still is causing some concern in the vicinity of the Harlan county dam.

An ice jam on the Hezz Guest farm west of Republican City has caused water to flood the lowlands. Downstream from the farm, however, the river is back in its banks. No serious damage has been reported.

Ice Jams. Meanwhile, ice jams in the Missouri and its tributaries held possible keys to flooding. Maj. Gen. Lewis A. Pick, who heads the Fifth army's road clearing operation in the snow-drifted north plains, said he is still hopeful that the river's lower course (Nebraska, Missouri, Kansas) will clear to afford a rapid runoff of melted snows.

He said Thursday that water is getting through the most serious ice jams—for 100 miles upstream of Atchison, Kas.—and that blockades farther north in the North Dakota reaches could cause trouble farther upstream.

Sen. Ogden said he was under pressure from truckers, who opposed the bill, although Sens. Hern and Hanna said they found truckers from Ainsworth west satisfied with the bill.

Eight Bills Advanced. "There is considerable noise to raise the gas tax one cent to build roads," said Sen. Person. "This is an answer in a small way to the

Scott, Healy Resign From Wesleyan Staff

Resignations of two staff members and advances in academic rank for four more were approved by the Nebraska Wesleyan university board of trustees Friday.

Chancellor John L. Knight reported that Director of Student Relations Paul W. Scott and Debate Coach John Healy will leave the staff at the end of this year to continue their graduate studies.

The board also approved advances from assistant to associate professor for Leonard C. Paulsen in the department of music, Rex A. Niles of the industrial arts department, and Harvey M. Swift of the biology department.

Leslie L. Marks was advanced from an instructor in the department of music to assistant profes-

Prof. Healy

sor of instrumental music and director of band. Chancellor Knight also advised the board that Mary Louise Holding and Stanley L. Abramson have been added to the music and physics departments, respectively, to fill vacancies created by two resignations at the end of the first semester. These appointments bring to eleven the number of new faculty members added during the current year.

The trustees approved all previous appointments and empowered the administration to fill all vacancies including additional personnel for the education and psychology departments.

Square Dancers Meet—The Elliott school P.T.A. Mothersingers square dancing group will meet Friday, Feb. 25, 7:30 p. m. at the school. All parents and teachers invited.

FIRE ALARMS Thursday: 8:09 a. m.—234 So. 19th, resuscitator call. 8:36 a. m.—Special duty, Huskerville, to pump flood water. 11:48 a. m.—304 So. 14th, smelled smoke, no fire. 1:10 p. m.—Special duty, Huskerville, to pump flood water. 4:57 p. m.—2840 Starr, grease on stove afire, no damage.

Death's Bright Angel

by ARCHIE JOSCELYN

Chapter 10.

"Far too much," Rivers agreed. "His health is excellent, and as to his whereabouts, he is somewhere close to New Orleans, I suspect."

He was assuming that she knew the details of his own arrival aboard the Lovely Maria, and he saw that it was so. She nodded.

"And you?" she asked.

"Mine was the fortune, good or ill—I scarcely know which—to fall into his power. And to look so much like him that he sent me here in his place."

"Trust Fernando to see the possibilities and to grasp them," she agreed. "And you do resemble him most closely. You have deceived the Montforts, who are not easy to fool. Of course, a year accounts for some change. For a moment you almost fooled me. You have a name?"

"Rivers," he said briefly. "Jean Rivers."

She repeated it musingly. "It might be prophetic," she said, and her gaze went to the great river. "You did not expect to see me?"

"I didn't know of your existence," he agreed.

She smiled, as though amused but not surprised.

"Fernando is not changed. He delights in surprises—for the other fellow." She eyed him more critically. "Though this time I wonder if he may not have over-reached himself—just a little. Perhaps he has thought to stroke a tiger kitten, and will find it is no kitten at all."

"And that would please you?" Rivers challenged.

"Nothing would please me better," she agreed. "Though he was kinder than he planned—in leaving me here. The Montforts have treated me as though I was one of the family."

County Care Of Kearney Patients Okd

Committee Approves Scale Of \$5 A Day

The state could pay counties \$5 a day for taking care of over-flow-patients of the Kearney tuberculosis hospital, under LB 304, approved by the public health committee Thursday.

Although no opposition appeared to the bill, the old bugaboo — "we'll need a bigger budget" — was voiced by William H. Diers of the board of control. He did not state how much more might be required.

Because the Kearney state hospital is filled, Roman Hruska, Douglas county commissioner, told the senators, 28 tuberculosis patients are being cared for at the Douglas county hospital.

Costs Up 280 Pct.

These patients, he said, cost the county \$6.18 a day apiece. The bill calls for the state to pay \$5 per day for each patient.

Hruska pointed out that Douglas county's institutional and relief budget has skyrocketed 280 per cent in the past two years, and is now \$1,100,000.

By assuming the load of caring for tuberculosis patients in Omaha, he explained, more patients from out-state have been admitted to the Kearney hospital.

Two Bills Moved.

Witnesses urging the measure included Sen. Cliff Ogden, Omaha, introducer; Dr. E. A. Rogers, state health department; Delmar Seraty, Omaha, of the Nebraska Tuberculosis association; Dr. G. C. Waddell, Beatrice; Mrs. W. H. Howey, of the state P.T.A.; and Mrs. Dorothy K. Ogden, of the Lancaster County Tuberculosis association.

Moved to general file were two other bills, LB 303 and 316. The former would place tourist camps under the laws of apartment and rooming houses. LB 316 changes the time for anti-freeze permits from "calendar year" to May 1-April 1, to avoid their overlapping into two winter seasons.

LB 332, changing regulations on forms required for pre-marital physical examinations, was laid over for further study.

Rejection Of Glendo Dam Funds Urged By Nebraskans

Plan Would Harm State's Water Rights

Officials Claim: Tilley And Jones Before House Group

WASHINGTON—(AP)—The house appropriations committee has been urged by two Nebraska officials to turn down any requests for funds for the proposed Glendo dam on the North Platte river in Wyoming.

A. C. Tilley, Hastings, Neb., chief engineer for the Central Nebraska Public Power and Irrigation district, and D. S. Jones, jr., assistant chief of the state bureau of irrigation, water power and drainage, appeared before the committee yesterday.

They declared that the Glendo project would harm Nebraska's water rights.

The Nebraskans gave the committee a telegram from Gov. Val Peterson asking omission of the Glendo dam itself from the interior department appropriation.

The Glendo project is authorized for construction at a storage ca-

capacity of 150,000 acre-feet of water. Rep. Curtis (R-Neb.) told a reporter he has been informed that the reclamation bureau is studying the possibility of increasing the size to 750,000 acre-feet.

Curtis said he already had requested the appropriations committee to include language in the interior bill to prevent this, if money is granted for the dam.

Would Hit Kingsley Dam. Tilley said he believes "any competent authority" would admit construction of any size dam at Glendo would adversely affect Nebraska by reducing the amount of water available for the Kingsley reservoir, which also is on the North Platte in that state.

"Only one thing seems certain," he said, "the bureau intends to plan and construct a reservoir at Glendo of a size greater than presently authorized and for purposes not authorized."

"They propose to store water in this new reservoir without respecting the prior right of storage in the Kingsley reservoir."

An appropriation for this purpose would permit the reclamation bureau to construct and operate a new project by taking and using water now available to and needed by an existing project. This would result in serious damage.

Tilley said it is estimated that the minimum loss to Kingsley reservoir "under the bureau's hazy and contradictory plans" would be 10 per cent of the annual inflow.

Jones told the committee construction of Glendo should not start until Nebraska, Wyoming and the reclamation bureau have mutually agreed upon the size of the project.

He said he believes such mutual agreement is essential to avoid conflict with the Supreme court ruling in the North Platte case.

Both Jones and Tilley emphasized that Nebraska is not seeking in any way to interfere with maximum development of the Missouri basin.

HENRY G. APEL.

FALLS CITY—Funeral services for Henry G. Apel, 68, who died Tuesday at his home, were held Friday afternoon. A native of California, he came to Richardson county with his parents 60 years ago. Surviving are his wife, Lizzie; three sons, Lester, Harold and Orville, all of Falls City; three daughters, Mrs. Jud Linscott, Falls City, Mrs. Donald Luster, Robinson, Kas., and Leona, at home; two brothers and three sisters and eight grandchildren.

Ashland Is Ready For Overflow

Better Prepared Than Ever Before Says Acting Mayor

(Special to The Star)

ASHLAND, Neb.—"We're better prepared to meet any possible flooding along Salt creek than we've ever been," declared Acting Mayor K. E. Harris Friday morning.

Harris issued this statement following a warning Thursday night from R. A. Dyke, weather bureau forecaster in Lincoln. Dyke said the overflow would probably be confined to farmland and would not necessitate the evacuation of families from the bottomlands in Ashland.

Salt creek here Friday stood at about the same level it maintained Thursday night, Harris stated. A rise of approximately six feet would be needed to flood the Ashland area, it was reported.

Volunteers and the local fire department have been alerted on a stand-by basis, Harris said in relating emergency plans. Two boats are ready in case evacuation service is needed as is sand for sandbagging action. The local Red Cross unit has made preparations for housing evacuees in case of necessity.

Creek Back In Banks South Of Lincoln

Salt creek at the sewage disposal plant in Lincoln stood at 24.9 feet at 8 a. m. today, showing

no rise in the past 12 hours. However, new melting today in the Lincoln area was expected to push the creek over the 25 foot level.

The high level of the creek in Lincoln, according to Sanitary District officials, indicated that there would be some flooding of lowlands between Lincoln and Ashland.

In most areas south of Lincoln, Salt creek was back in its banks early today after flooding lowlands and roads in the Roca, Saltillo, Sprague and Hickman areas. Since the stream is still running bankful in those areas, new thawing today was expected to send the creek out a few points.

Helen Hayes Buys McCleery's Play

Actress Helen Hayes has bought a play written by Nebraska's William McCleery. The play, as yet unnamed, is the fourth written by McCleery, former member of The Star editorial staff.

Miss Hayes hopes to appear in the McCleery production and wants to present the play first at some spot away from New York.

McCleery's first work was "Hope for the Best," starring Franchot Tone. His second was "Parlor Story." His third, "A Play for Mary," has not as yet been produced.

There is also a part in the new McCleery play for Miss Hayes' daughter, Mary MacArthur.

\$85,400 SALE PRICE

OMAHA—(AP)—The property formerly occupied by the Leflang building has been offered to the government for \$85,400, the area manager of the public building administration has disclosed. Paul W. Conklin said the price was acceptable to the government. The property, across the street from the post office, will be used for part of a proposed new post office building.

Crete City Hall Has Second Blast

CRETE, Neb.—(AP)—The Crete city hall's furnace has exploded twice in two months, causing extensive damage to the building's heating system. The explosion Wednesday night broke up a meeting of a women's group which adjourned without waiting for refreshments.

Orleans Stages Unique Holiday

ORLEANS, Neb.—George Washington's birthday more closely resembled "Labor Day" here this year. Most of the business houses closed that day to enable merchants to join the work brigade.

During the day thousands of willows along the Republican river were chopped down to provide riprap to save the south abutment of their bridge against a possible washout this spring.

Burns Cost Life Of Sarpy Woman

OMAHA—(AP)—Burns received in her Sarpy county home took the life of Mrs. Millie Wilcox, 75, last night.

Her son, Harvey, 42, told Deputy Sheriff Jack Risor that he found his mother sitting in a chair near a stove. He said the house and its furnishings were not burned.

Wilcox called Offutt air base for an ambulance, but his mother was dead on arrival at county hospital here.

COMMITTEE NAMED

KEARNEY, Neb.—(AP)—A nine man sub-committee of the chamber of commerce industrial committee has been named to work actively for securing new industry in Kearney. Ivan Mattson, the industrial committee chairman, said several contacts have been made by small manufacturers, but most of them need capital to begin operation.

Nebraska Deaths

MRS. MARK ZARR. ALLIANCE—Mrs. Zarr, pioneer resident of western Nebraska, died Monday in a local hospital. Surviving are her husband; two sons, Stanley and George, both of Portland, Ore.; and two daughters, Mrs. Ralph Weaver, Chadron, and Mrs. Theima Reeves, Portland.

PAUL R. REYNOLDS. YORK—Word has been received here of the death of Paul R. Reynolds, 39, former York resident, in a highway accident at Logan, Utah, Sunday. World war II veteran, he was injured when his car collided with another on a snow-banked highway near Logan. Surviving is his wife, Dorothy.

WILLIAM W. JOHNSON. KEARNEY—Funeral services for William W. Johnson, 81, who died Monday in a local hospital, were held Wednesday afternoon. A retired railroad worker, he had been station agent at Amherst for 31 years. Surviving are his wife, Mary; two daughters, Mrs. Verne Simmerman and Mrs. Virgil Kinnead, both of Kearney; two sons, Clarence S. Kearney, and Harry S. Claremont, Calif.; and four grandchildren.

MRS. VICTORIA D. HAWLEY. BLUE HILL—Funeral services for Mrs. Victoria D. Hawley, 66, who died at her home here Tuesday, were held in Hastings Friday morning. Surviving are her husband, Dr. Herbert Hawley; one son, Dr. Herbert H. Elwood; and one daughter, Mrs. Mildred Starr, Mountclair, N. J.

MRS. ELIZABETH STROUD. HASTINGS—Mrs. Elizabeth Stroud, 38, died Tuesday in a local hospital. Surviving are her mother, Mrs. Thomas A. Jones, Trenton; two daughters, Norma Jean and Joyce Margaret, both of Portland; three sisters and one brother.

CHIROPODISTS TO MEET

OMAHA—(AP)—A regional meeting of the National Association of Chiropodists will bring foot specialists from seven states here April 9 to 11. The three-day meeting will include chiropodists from Nebraska, South Dakota, Kansas, Missouri, Iowa and Minnesota.

EDDIE J. SHAW.

HASTINGS—Eddie J. Shaw, 71, Spanish-American war veteran, died Tuesday at his home following a long illness. Surviving are his wife, Emma W.; one son, Earl E.; a grandson, one brother and two sisters.

Conformity Is New Threat To Independence

Individuality Is Victim Of Pattern, Dr. McCracken Says

"Individuality has gone out the window and the prevalent mood is conformity," declared Dr. Robert J. McCracken at St. Paul Methodist church Thursday night.

The trend is "dangerous" the pastor of Riverside church, New York City, told his audience of 300. It robs us of independence. It has an especially pernicious effect on young people," he declared. "Advertising," he continued, "is playing no small part in creating this mass mind." It is creating a stereotype, a pattern of humanity, he said.

"And as a result, Dr. McCracken said, we do not have robust convictions, but mere notions and half-hearted opinions. We do not put color into our environment, but take color out of it."

A more determined, a more resolute faith is needed if we are to become "hammers rather than anvils" he said.

The Thursday night address by the New York pastor marked the end of the annual convocation of Nebraska ministers.

Lucile Hotchkiss Heads U.E.W. Local

Lucile Hotchkiss was named president of Local B-244 of United Electrical Workers at a meeting Thursday night at the Y.M.C.A. Other officers for 1949 are Clara Berg, vice-president; Vera Leonard, secretary, and Mrs. Rosa Newbill, treasurer.

THE PEOPLE SPEAK

(Continued from Page Four)

ficer in charge of school safety had the idea of substituting for the ordinary "School Stop" signs a life size statue of a safety patrol boy to be placed at each crosswalk used by school children during the morning, noon and afternoon hours when small children go to and from school. These plaster-of-Paris figures were about the size of a 10 or 12-year-old boy, were weighted so they would not tip easily, were painted appropriately and held a "School Stop" sign in their hands. At a distance and even up quite close these figures had an effect on the driver that greatly improved the safety at school intersections. They were plainly visible, there was absolutely no excuse for a driver going through a stop sign of this kind and he was fined heavily. In rainy or stormy weather when the real safety patrol boy wears a white cape and hat, one of each was placed on the statues. This plan spread fast and far in the East, and if the city council, the all-city safety committee, the Elks, or whoever is in charge of this program of school safety patrols would investigate the use of these figures in place of the present stop signs; a great many accidents to school children might be avoided.

At the time the plan was initiated these figures cost \$18-25 each. They last a long time unless hit by an automobile. The \$3,000 the Elks donated would not be soon forgotten by the city if put to this use. Further information could be obtained from the Lansing chamber of commerce, or from the superintendent of public schools there, Mr. Dwight Rich. I ask the help of

all the fathers and mothers of school children to investigate this plan before all the money is spent.

JOHN H. SMITH

MERRY-GO-ROUND

(Continued from Page Four)

not send it to him. They sent their train to the American people instead.

And that's why, despite the cold-shoulder given the Frenchmen by President Truman and the state department, the receptions accorded them by the Mayor Joe Smiths of Oakland, California, and the Mayor William O'Dwyers of New York and the Mayor George Welches of Grand Rapids and the Mayor Fletcher Bowrons of Los Angeles and the Mayor Jim Curlys of Boston and all the others were so important.

For they saw the importance of this people-to-people government and they, together with the governors and a large part of the rest of the American people, gave the French the rousing welcome they so well deserved and will always remember.

Pruning The Grapevine

KEEPING AN EAR to the grapevine, which we keep well pruned, and an eye on the social horizon may not add to one's grace, but the necessary acuity may be recommended—The ear and the eye obtained fair results today—Heard of some homecomers—some guests, and found another party for one of our popular brides-to-be—Added to this and that from here and there, the day could be considered fairly successful.

OUR SOON-TO-BE BRIDE for whom Friday offered a prenuptial courtesy, is Miss Louise Gold, whose marriage to Aaron Levitt of Omaha will be an event of Tuesday, March 15. Miss Gold was the honoree at a luncheon today for which Mrs. George G. Swingle was hostess at her home. The floral arrangement for the luncheon table was suggestive of the bridal motif. Following luncheon the afternoon was spent informally, and Miss Gold was presented with a hostess gift.

Founders Day Featured By PTA Groups

The observance of Founders' day by Parent-Teacher groups continued through the week. On Wednesday afternoon the members of the Bethany P.T.A. met to honor all past presidents of the group. Mrs. E. A. Wing, one of the past presidents, spoke briefly on the founders of the Parent-Teacher association, Alice Birney and Phoebe Hearst. Also on the program was a pageant, "Sixty Years After—A Founders' Day in 1957," directed by Mrs. Kenneth King, and presented by Mrs. Wing, Mrs. Clifford Johnson, Mrs. Frank Cox, Mrs. Garland Shields, Mrs. Dale Voller, Mrs. Lyle Bryant and Mrs. Ruth Waples.

A number of folk dances were given by the fourth grade pupils of Mrs. Zella Willie.

The guest speaker of the afternoon was Philip H. Smith, executive secretary of the Northeast branch of the Y.M.C.A. His topic was "Recreational Needs of Grade School Boys."

During the brief business meeting it was announced that Fun night will be held March 4, with supper at 5:30 o'clock, and the program at 7 o'clock.

Hostesses for the social hour following the meeting included Mrs. G. C. Burnham, chairman; Mrs. Ronald Rakow, Mrs. Oliver Hennings, Mrs. Guy Hastings and Mrs. George Quinn, all third grade mothers.

In addition to the observance of Founders' Day, Huntington school elected delegates and alternates to the PTA state convention to be held in Grand Island in April.

Delegates named were Mrs. Clifford Hicks, Mrs. S. B. Lee and Mrs. George McCoy. Mrs. D. W. Rolofson and Mrs. Floyd Ueberhein were elected alternates. Named to serve on the nominating committee were Mrs. Sid Dewey, Mrs. H. G. Greenmeyer and Mrs. William Spicknall.

During the business meeting an announcement was made by Mrs. M. A. May, with regard to the organization of a pre-school mothers' club at a tea to be held on Wednesday. Plans were formulated for a Night on March 11. Mrs. George Rogers presided at the meeting and introduced the following past presidents of the group: Mrs. Rex Butler, Mrs. J. C. Russell and Mrs. Harold Spencer, Mrs.

Truly independent. No Subterfuge

IN TOWN FOR THE week-end are Miss Jackie Ullstrom of Omaha, who is the house guest of her aunt, Mrs. N. R. Miller, and Miss Dolores De Bower of Schuyler, who is visiting Miss Joan Vlach.

Complimenting the out-of-towners, Miss Earlene Luff will be a luncheon hostess on Saturday at the University club. Luncheon places will be arranged for five.

HEARD THAT MRS. HELEN AVERY and Miss Ona Gray, who have been spending the winter in Mexico City, will be returning to Lincoln next Tuesday—but that Mrs. W. E. Hardy, who was with them during their Mexico City stay, will not be home until later.

ALSO EXPECTED HOME next week—the latte part, are Mr. and Mrs. Philip S. Hardy who have been vacationing in Florida and New Orleans.

HEARD, TOO, THAT Mr. and

Mrs. E. B. Drake are spending a few days in Chicago this week.

THE OTHER DAY WE mentioned the Mortar Board luncheon scheduled for 12 o'clock on Saturday at the Student Union—Now we learn that the Lincoln Mortar Board alumnae will meet for an afternoon of bridge in the faculty lounge at Student Union, following the luncheon—The hour, we are told, is 2 o'clock—and all out of town Mortar Board alumnae will find the welcome mat out and dusted in their honor.

The committee in charge of the after-luncheon party includes Mrs. Channing Collins, chairman; Mrs. Robert Cohen, Mrs. W. O. Ernst and Mrs. Knute Broady.

THEN COMES THE Kappa Sigma Alliance with news of a bridge party at the chapter house at 8 o'clock this evening—In charge of the affair are Mr. and Mrs. Barney Schreuf, Mr. and Mrs. Loren Nelson and Mr. and Mrs. Charles Haas.

Lennox Club Has Meeting

The members of the Lennox club met Wednesday afternoon at the home of Mrs. J. R. Garlow. Following the business meeting the afternoon was devoted to games at which Mrs. G. P. Lint, Mrs. A. C. Brady, Mrs. Effie Lawrence, Mrs. L. H. Schappagh and Mrs. W. H. Grant, won prizes. Refreshments were served at the close of the meeting.

Mrs. Effie Lawrence was a guest of the group.

Church School Institutes In State Listed

Leaders Will Visit 16 Towns In March

The Nebraska Council of Churches announced a schedule for vacation church school institutes at a committee meeting Friday in the Y.M.C.A.

Three teams of state denominational leaders in Christian education will visit 16 Nebraska towns from March 21-26 to hold one-day institutes for vacation school workers.

Three committee members will head a team holding institutes on the following dates:

Rev. C. W. McAninch, Omaha; Mrs. J. F. Wichelt, Lincoln, and Rev. Carroll Lemon, Lincoln.

Mar. 21, Plattsmouth Mar. 24, Neligh
Mar. 22, Winterset Mar. 25, Anawson
Mar. 23, Western

Dr. and Mrs. Frank L. Finch, Lincoln, and Mrs. Warren Sisler, Holmesville.

Mar. 21, Columbus Mar. 24, Neligh
Mar. 22, Winterset Mar. 25, Anawson
Mar. 23, Stanton Mar. 26, Loup City

Rev. Howard Holverson, Unadilla; Miss Gertrude Hanford, Lincoln, and Mrs. C. C. McCaw, Grand Island.

Mar. 21, Gothenburg Mar. 24, Wauweta
Mar. 22, Ogallala Mar. 25, Cambridge
Mar. 23, Sidney

Mrs. Warren Sisler will be dean of school for a Laboratory Training school for church workers to be held June 26-July 1 at Beatrice.

BUILDING PERMITS

Hazel Wolfe, 1320 A. Alter residence, \$75.

Mrs. Ona Gana, 1920 G, re-roof residence, \$150.

MISS DELORES HOLMES

Mrs. I. J. Brainsovsky is today announcing the engagement of her daughter, Miss Delores Charlotte Holmes, to Marlin G. Kroger, son of Mr. and Mrs. A. T. Kroger of Grand Island.

The wedding will be an event of Tuesday, June 7.

Mr. Kroger will be graduated in June from the University of Nebraska college of electrical engineering.

Slush Hampers Paving Repair

Paving repair progresses as rapidly as weather permits, Lyle Gieseke, superintendent of city paving repair and sewer department, reported Friday.

Gieseke's men, who will work all day Saturday and Sunday, have Seventeenth from M to N in fairly good shape and were working at Seventeenth and Q Friday morning. Gieseke's two 10-man crews will go out on East O to fill some small but deep holes later.

The worst spots are still under ice and water, Gieseke reported, and asphalt won't bond to the paving base unless it is dry. Some of the very bad holes are at Twenty-seventh and L, Twenty-seventh from Randolph south, Seventeenth and Washington, Ninth and F and Eighteenth and Van Dorn.

The worst asphalt surfaces are over a limestone concrete base which averages 28 years in age. Some holes go through to the sub base, but most are from seven to eight inches deep, the paving superintendent said.

Gieseke explained that one crew sweeps out a hole and dries it with a surface burner then the second crew comes along, fills the hole with asphalt and irons it smooth. If good weather holds his men will have the worst spots repaired shortly, Gieseke said.

and VITAMIN ENRICHED

Gold Cup BREAD

Friday, February 25, 1949 THE LINCOLN STAR 9

AROUND THE TOWN

As we have said before—Thursday and Friday of this week definitely were set aside for meetings of numerous women's organizations in the city.

But first we want to state that the bingo party planned by the Towne club alumnae and which was announced yesterday—was given a day but was minus a date—The meeting will be held on Friday, March 4, at Student Union. The time—8 o'clock.

And meeting for luncheon today were members of the Wesley Foundation auxiliary. The luncheon was held at the Wesley Foundation, 1417 R street.

It was a luncheon on Thursday for the members of the women's board of Bryan Memorial hospital. Mrs. O. J. Hitchcock, 4206 Touzalin avenue, was hostess to the group.

Prof. John P. Senning was the guest speaker at the regular monthly luncheon meeting of the Lincoln section, Council of Jewish Women, which met at 1 o'clock on Thursday at Hotel Cornhusker. Prof. Senning's topic was "The Unicameral."

Mrs. Harold Grossman, council president, presided at the meeting.

"Homer Winslow—Painter of

the Sea," was the theme of the program presented by Miss Marcella Brozek, assisted by Miss Agnes van Ackeren, at a meeting of the Nebraska Alpha chapter of Delta Theta Chi sorority on Monday evening in the chapter rooms.

On Friday evening (tonight) the Southwest Social group is having a square dance party at the IOOF hall, Eleventh and L streets. The affair begins at 8:30 o'clock, and is in charge of Mr. and Mrs. Lester Fry and Mr. and Mrs. William Rockenbach.

When The Quill members met Tuesday evening at the home of Miss Mary Jeffery, the program was presented by Mrs. B. A. Cosner who presented a travalgoe and a chapter from a novelette. The eight members attending discussed plans for the annual banquet to be held on March 15.

The next regular meeting of the group will be on Tuesday, March 8, at the home of Mrs. A. J. Hutchinson.

"It Rhymes" is the intriguing title of the production to be presented on the Storytime Playhouse broadcast on Saturday morning, 9-45 o'clock, over KFOR, which is sponsored by the city library and the Lincoln Junior League.

Directed by Ann Black, the cast will include Mary Catherine Clinton, Marjorie Moran, Mike Stubbs, George Strasser and Arlene Lorey.

Merger Of State U.B. Conferences Under Discussion

Merger of the two Nebraska conferences of the Evangelical United Brethren church was under discussion Friday during the latest of a series of joint conference meetings by Evangelical churchmen.

The meeting at the Y.W.C.A. was the third of a recent series called to formulate a basis for union of the two conferences, Rev. John F. Wichelt, pastor of First Evangelical church, said.

The merger is planned for June, 1951, in Lincoln, according to Rev. Wichelt. The national church merged in November of 1946 at Johnston, Pa. The conferences have been having ministerial fellowship and summer camps together, he said.

Co-chairmen at the meeting were Bishop V. O. Wiedler and Bishop C. H. Stauffacher, both of Kansas City.

Engineer Retires After 40 Years With Burlington

Roland J. Anderson, 70-year-
 old engineer on the Burlington
 railroad, will make his last run on
 the Chicago-Denver Zephyr Mon-
 day. He retires then after nearly
 40 years of service.
 Anderson started with the Bur-
 lington in April of 1909. He be-
 came an engineer in 1917. Ex-
 cept for a short time in Hastings,
 he has operated out of Lincoln
 during all his service with the rail-
 road.
 His first assignment as an en-
 gineer was on a run to Hastings,
 and later he was assigned to run
 to Ravenna. He has been an en-
 gineer on the Zephyr for about
 two years.
 The retiring railroader, who
 lives at 528 North Thirty-fourth,
 celebrated his 70th birthday
 Wednesday.

2 Apprehended For Purse-Snatching

Police Thursday apprehended
 two youths who have admitted
 snatching the purse of Hethie Ran-
 dall, 1626 J street, Wednesday
 night. The purse contained \$24.
 The two youths, one 16 and one
 17, will be turned over to juvenile
 authorities.

Rural Workers For Red Cross Get Instructions

"No matter how much has been
 done, we can't stop now—the need
 is ever-increasing."
 In these words Dr. Winton H.
 Beavan appealed to rural work-
 ers of the Red Cross for the 1949
 campaign. In particular, Dr.
 Beavan, who is vice-president of
 Union, college, discussed the work
 and organization of the national
 Red cross blood bank.

To illustrate the importance of
 the blood bank, Dr. Beavan said
 the national organization is al-
 locating it \$8,000,000—15 per cent
 of its total budget. "It is the
 second largest appropriation on
 the national level. The disaster
 fund, which is the largest single
 appropriation, is \$12,000,000, or
 20 per cent of the total budget,"
 he stated.

Harold Hill, manager of the
 Lincoln chapter, discussed serv-
 ices of the Red Cross in Lancaster
 county, and B. I. Noble, vice-
 chairman of the local chapter dis-
 cussed services on the national
 level.

L. W. Horne, secretary of the
 Lincoln chapter gave the repre-
 sentatives of the 24 precincts and
 23 townships instructions on
 solicitations and supplies.

Mrs. Stella Kuiper, Kansan, Dies Here

Mrs. Stella Kuiper, 55, Edmond,
 Kas., died at a local hospital
 Thursday morning.
 Surviving are her husband, Ru-
 dolph; two sons, Andrew and
 James, both at Edmond; her
 mother, Mrs. Lucy Bartels, Al-
 mena, Kas.; four sisters and three
 brothers.

Chain Store Tax Is Killed In Committee

Sen. J. V. Benesch Only Favorable Witness

A bill that would tax chain
 stores in Nebraska up to as much
 as \$500 a year per store was killed
 by the legislative committee on
 revenue after hearings Thursday.
 Sen. J. V. Benesch, Omaha, only
 person to appear in favor of the
 bill, LB 62, told the committee the
 most important thing about the
 bill was that it opened a new
 method of taxation to meet the
 increased demands of salary and
 retirement plan increases flooding
 the legislature.

He said revenue collected year-
 ly from the approximately 1,200
 chain stores in the state that
 would amount to about \$150,000.
 Nineteen other states have similar
 laws, Sen. Benesch said, and
 similar law was held constitutional
 in Louisiana.

Heavy Opposition.
 If Sen. Benesch were the only
 person to appear in favor of the
 bill, the opposite was true of those
 opposing the measure, as manage-
 ment, labor, democrats and repub-
 licans appeared before the com-
 mittee to ask that the new tax
 not be levied.

Former Lt. Gov. Robert Crosby,
 North Platte, led the opposition at
 the hearing. He described the bill
 as a "tax bill imposing a special
 tax on a small area of business,
 which is in truth a form of a
 sales tax."

"As a revenue producing tax,
 this bill is negligible," Crosby told
 the committee, stating that the
 cost of administering the tax
 would take the largest portion of
 the revenue derived.

Lester Dunn, Lincoln attorney,
 objected strenuously to the ex-
 ceptions allowed in the bill, by
 which stores handling certain
 types of merchandise would not
 be subject to the tax.

Termed "Punitive Tax."
 He labeled the bill "a form of
 punitive tax to punish a com-
 petitor."

Others appearing in opposition
 to the bill were Robert Living-
 ston, Lincoln, representing the
 Cooper Theater Foundation, and
 Gordon Preble, Omaha, repre-
 senting the Nebraska Federation
 of Labor.

In other action, the committee
 held over LB 517, classifying

grain dealers for taxing purposes,
 in order that an attorney general's
 opinion as to the constitutionality
 of the measure could be obtained.

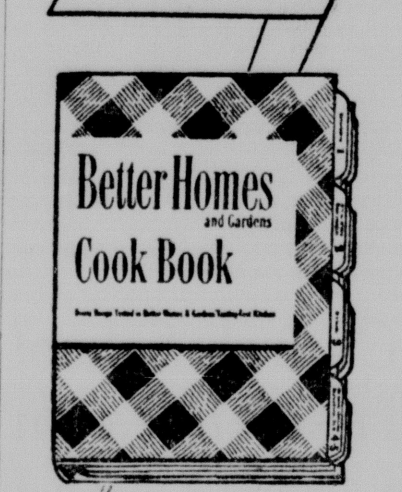

The bill was supported in the
 committee hearing by grain men
 from Lincoln, Omaha, Beatrice,
 Richland, Ute, Geneva and
 Waverly. Tax Commissioner
 Philip Johnson and former Tax
 Commissioner Robert Armstrong
 also appeared in behalf of the bill,
 stressing that the measure would
 not lessen taxes paid by grain
 dealers, but would put in law
 a practice of assessment now
 being followed.

The bill seeks to clarify the
 term, "average invested capital,"
 the basis on which the grain
 dealer's tax is levied.

Two other tax bills, LB 519 and
 444, were killed by the committee.
 LB 519 would have authorized
 the state tax commissioner's field-
 men to examine any tangible or
 intangible property for assess-
 ment purposes. LB 444 would
 have required county treasurers
 to notify property owners of real
 estate on the tax rolls.

PUCKETT REAL ESTATE 3-4218

BE A COSTMASTER AT

\$3 PER YEAR

ONE OF THE FIRST settlers in Lincoln (then called Lancaster) was a neurotic sort of person who always bragged about desiring to fight the Indians. The opportunity was forced upon him and it was only by sheer luck that he lived to tell the story.

THE INDIANS in this area (Otoes, Pawnees) went on the war path and the settlers were forced to move hurriedly. They moved east to Weeping Water where they waited until, through diplomacy on the part of the more military minded scouts, the hostilities were quieted down and the

new families could come back to their homes in the salt creek basin.

LANCASTER COUNTY was organized in 1863. There were at that time about 12 families in this vicinity, so they staked out a town and called it Lancaster. Now...every town needs a postoffice, so this was established in the same year. I. S. GREGORY was appointed Postmaster at a wage of \$3 per year. In these early days of course, mail moved slowly—Wells-Fargo did not service the area.

AT THIS TIME you will find United Army Store of real service again. Let's suppose your budget doesn't permit buying a \$69.50 wrist watch. Well, we don't have those BUT...there is what we do have for you: A military style watch, with luminous dial, chrome case, sweep second hand, everything but a built-in alarm, and at only \$4.83. See this watch today, it carries a one-year written guarantee.

SUNDAY—YOU CAN BE A MERCHANT TOO!
